

Student Religious Accommodations – School districts are required by PI 41.04(1)(a) of the Wisconsin Administrative Code to provide annual written notification to all students, the parent or guardian of minor students, and instructors of the district's policies providing for the reasonable accommodation of a student's sincerely held religious beliefs with regard to examination and other academic requirements. The notice must also include the process for receiving and resolving complaints. Many school districts include this information in their annual student nondiscrimination notice.
